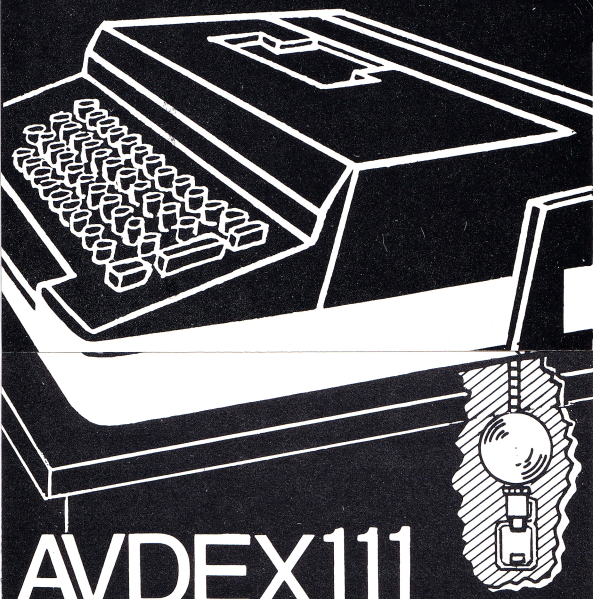
IN 1974 A THEFT WAS COMMITTED EVERY 15 SECONDS!

WILL YOU BE RIPPED OFF NEXT?



AVDEX111

Not if your most important office equipment is protected with the new **AVDEX III** Equpment Security Lock. Made of high-quality, hardened steel, it is designed to secure any tabletop machine permanently in position.

Protect any desk-top or tabletop equipment... typewriters, adding machines, calculators, tape decks, cash registers, TV sets, telephone answering equipment and many other types of valuable equipment.

The **AVDEX III** Equipment Security Lock requires only the turn of its special key to protect your most important office equipment from theft.

At $11.95 each, the **AVDEX III** Equipment Security Lock offers maximum security. Each lock can be keyed individually or several locks can be keyed to one key at an additional cost of $.50 per lock.

For added protection, use the **ADVEX [Model A]** locking bar which secures your equipment at 2 points. Adaptor kits available for equipment without the necessary bolt hole.
